Anderstorp Raceway, a legendary circuit nestled in the heart of Sweden, has long been associated with thrilling motor racing events. Now, we are proud to present the Anderstorp Dream Formula Grand Prix Proposal, a comprehensive plan to elevate this iconic venue to new heights by introducing a state-of-the-art Formula circuit.

This proposal outlines our vision for a cutting-edge circuit design that will push the boundaries of Formula racing and provide an unforgettable experience for drivers, teams, and spectators alike.

Circuit Design

The proposed Anderstorp Formula circuit is a masterpiece of engineering, designed to offer a challenging and exhilarating layout that balances high-speed straights with technical corners.

The circuit features:

- **19 corners**, including a mix of high-speed and low-speed sections, providing drivers with a wide range of challenges
- **Two DRS zones**, offering opportunities for thrilling overtaking maneuvers
- **A long main straight**, allowing cars to reach their maximum speeds
- **Wide run-off areas**, enhancing safety for drivers and spectators

The circuit layout has been meticulously designed to maximize excitement and provide ample opportunities for close racing. Drivers will need to master a combination of precision, courage, and strategic driving to succeed on this demanding track.

Infrastructure Upgrades

In addition to the circuit design, the Anderstorp Dream Formula Grand Prix Proposal also includes plans for significant infrastructure upgrades to enhance the overall experience for all stakeholders.

These upgrades will include:

- **New grandstands** with increased capacity and improved viewing angles

- **Enhanced hospitality facilities** for teams and sponsors
- **Upgraded media center** to accommodate the needs of journalists and broadcasters
- **Modernized track facilities**, including new pit garages and control tower

These infrastructure improvements will ensure that the Anderstorp Dream Formula Grand Prix will be a world-class event that meets the highest standards of safety, comfort, and professionalism.

Benefits of the Proposal

The Anderstorp Dream Formula Grand Prix Proposal offers numerous benefits for all involved:

- **Enhanced racing experience** for drivers and teams, with a challenging and exciting circuit layout
- **Unforgettable spectacle** for spectators, with close racing and plenty of overtaking opportunities
- **Increased economic benefits** for the Anderstorp region and Sweden as a whole, through tourism and event revenue
- **Positive impact on motor racing** in Sweden, showcasing the country's passion for the sport

The Anderstorp Dream Formula Grand Prix Proposal is a bold and ambitious vision that will transform Anderstorp Raceway into a premier destination for Formula racing. With its cutting-edge circuit design, state-of-

the-art infrastructure, and numerous benefits, this proposal has the potential to elevate Anderstorp to the pinnacle of motor racing.

We are confident that the Anderstorp Dream Formula Grand Prix will become a reality, and we invite all stakeholders to join us in making this vision a success. Together, we can create an unforgettable motorsport experience that will leave a lasting legacy for generations to come.

Appendix

The Anderstorp Dream Formula Grand Prix Proposal includes detailed technical drawings and specifications for the proposed circuit design. These documents are available upon request.
