In Anthony Horowitz's *Scorpia Rising*, Alex Rider's most thrilling adventure yet, he must face a deadly new enemy and uncover a sinister plot that threatens the world.

Alex Rider is a fourteen-year-old orphan who has been recruited by MI6, the British Secret Service. He has already completed several dangerous

missions, but nothing could have prepared him for the challenge he faces in *Scorpia Rising*.

Alex is sent to investigate the disappearance of a group of scientists who were working on a top-secret project for the British government. He soon discovers that the scientists have been kidnapped by a ruthless organization called *Scorpia*, which is led by a brilliant but twisted scientist named Dr. Nero.

*Scorpia* is planning to use the scientists' research to develop a weapon that could destroy the world. Alex must stop them, but it won't be easy. He is outnumbered and outgunned, and he knows that *Scorpia* will stop at nothing to achieve their goals.

With the help of his friends at MI6, Alex must race against time to stop *Scorpia* and save the world. But can he defeat Dr. Nero and his army of assassins? Or will *Scorpia's* evil plans succeed?

*Scorpia Rising* is a heart-pounding thriller that will keep you on the edge of your seat from beginning to end. It is a must-read for fans of Alex Rider and anyone who loves a good adventure story.
